Moderato *mp*

I want to take in the world I want to dance on the sea and
count the stars one by one as they melt the whirl-ing now in to the rise of the sun
I want to play a harp and pluck each string tend-er-ly
and sing of Chi-na and the Nile and the hills of Gal-
Allegro
li-lee See o-range fire through the trees swim a-cross the lake
A Tempo
I want to sip cham-pagne and eat an ice cream cone slow-ly I want to
fly through the air I want to dance on the sea and count the stars one by
one I want to kiss the skies that are ne-ver the same
